the data and observations in this innocent report card reveal a strong and multifaceted correlation between the impact of the great recession on national economies and a decline in children s well being since 2008 children are suffering most and will bear the consequences longest in countries where the recession has hit hardest for each country the extent and character of the crisis s impact on children has been shaped by the depth of the recession pre existing economic conditions the strength of the social safety net and most importantly policy responses remarkably amid this unprecedented

social crisis many countries have managed to limit or even reduce child poverty it was by no means inevitable then that children would be the most enduring victims of the recession
