the new york times bestseller a clear and concise account of the history diplomacy economics and societal forces that have molded the modern global system foreign affairs an invaluable primer from richard haass president of the council on foreign relations that will help anyone expert and non expert alike navigate a time in which many of our biggest challenges come from the world beyond our borders like it or not we live in a global era in which what happens thousands of miles away has the ability to affect our lives this time it is a coronavirus known as covid 19 which originated in a chinese city many had never heard of but has spread to the corners of the earth next time it could well be another infectious disease from somewhere else twenty years ago it was a group of terrorists trained in afghanistan and armed with box cutters who commandeered four airplanes and flew them into buildings and in one case a field and claimed nearly three thousand lives next time it could be terrorists who use a truck bomb or gain access to a weapon of mass destruction in 2016 hackers in a nondescript office building in russia traveled virtually in cyberspace to manipulate america s elections now they have burrowed into our political life in recent years severe hurricanes and large fires linked to climate change have ravaged parts of the earth in the future we can anticipate even more serious natural disasters in 2008 it was a global financial crisis caused by mortgage backed securities in america but one day it could well be a financial contagion originating in europe asia or africa this is the new normal of the 21st century the world is designed to provide readers of any age and experience with the essential background and building blocks they need to make sense of this complicated and interconnected world it will empower them to manage the flood of daily news readers will become more informed discerning citizens better able to arrive at sound independent judgments while it is impossible to predict what the next crisis will be or where it will originate those who read the world will have what they need to understand its basics and the principal choices for how to respond in short this book will make readers more globally literate and put them in a position to make sense of this era global literacy knowing how the world works is a must as what goes on outside a country matters enormously to what happens inside although the united states is bordered by two oceans those oceans are not moats and the so called vegas rule what happens there stays there does not apply in today s world to anyone anywhere u s foreign policy is uniquely american but the world americans seek to shape is not globalization can be both good and bad but it is not something

that individuals or countries can opt out of even if we want to ignore the world it will not ignore us the choice we face is how to respond we are connected to this world in all sorts of ways we need to better understand it both its promise and its threats in order to make informed choices be it as students citizens voters parents employees or investors to help readers do just that the world focuses on essential history what makes each region of the world tick the many challenges globalization presents and the most influential countries events and ideas explaining complex ideas with wisdom and clarity richard haass s the world is an evergreen book that will remain relevant and useful as history continues to unfold
